COST OF SEATS IN TELSTAR R. H. S. AUDITORIUM TO BE REIMBURSED

School Administrative District 14's share of the expense of auditorium seating at Telstar Regional High School will be reimbursed the District as a result of an offer by a Bethel firm. P. H. Chadbourne and Co. will pay 54% of the total cost of 500 seats in the new auditorium, the remainder being paid by State construction subsidy.

The Eleanor Gordon Guild will meet on Wednesday, Dec. 11, at 6:30 p. m., for their annual Christmas meeting at the home of Mrs. Frances Saunders. Members are reminded to bring their gifts for the Augusta State Hospital.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Work on next year's budget will commence next Monday night at the Selectmen's meeting. Preliminary figures will be presented to the Board by the Manager.

Unless something unforeseen develops, indications are that there should not be much of an overall increase asked for the coming year.

There are accounts overdrawn, but there are balances in others to more than offset them. We will have to have more money in most of our insurance accounts. These are very difficult to anticipate as will be shown in the Town Report. Last year's appropriation was asked for based on the advice of our agents and we still spent more than was raised. With the changes in rates the experts find it impossible to anticipate a year in advance what the rates will be.

Welfare has again been a large expense with medical supplies being a leading expenditure. We have gained some controls in this account that should show another year. We have acquired some new families this year on what is hoped to be a temporary basis.

EKKO HOUSEWARES DONATES EQUIPMENT FOR USE AT TELSTAR REGIONAL H. S.

Cutlery and cookware having a value of over \$3,000 has been donated to Telstar Regional High School by EKKO Housewares Company of Locke Mills.

The items, now in use by the Home Economics Department and the cafeteria at the new school, include 55 dozen each of knives, forks, teaspoons, and soup spoons worth over \$400.

School officials report also that the EKKO firm has provided some equipment for use in the shop area at the school.

The Evening Circle of WSCS of the Methodist Church will hold their meeting tonight (Thursday) at the home of Mrs. Wallace Saunders with a pot luck supper and Christmas program and an exchange of gifts.

"LIVING NATIVITY SCENE" TO BE PRESENTED SUNDAY, DEC. 22

Mrs. Donald Brooks will handle general chairmanship duties of Bethel's "Living Nativity Scene" to be held Sunday, Dec. 22. Mrs. Brooks will be selecting sub-committee chairmen to assist her. Interested volunteers are urged to call her and offer their services in the area of their interest.

As this community project enters its fifth Christmas season, the key word is "involvement." The more people offering to help—the easier it will be for everyone. And the more everyone shares in the "giving," the more they will share in the "getting" when the pageant is offered to the community on the Sunday before Christmas.

TELSTAR STUDENTS ENJOY CONCERT BY PORTLAND SYMPHONY

On Wednesday, Nov. 27, the Portland Symphony Orchestra presented a concert to the students of Telstar Regional High School in the new gymnasium. The students, representing grades 7-12, showed an extremely high interest in the musical selections played by the orchestra.

The program was presented to the District through the joint efforts of Music in Maine and the Portland Symphony Orchestra's business manager, Andrew Holmes.

The orchestra left Bethel with a warm feeling derived from the students' standing ovation at the end of the performance.

A. T. & T. DONATES ELECTRONIC EQUIPMENT FOR TELSTAR R. H. S. USE

Electronic equipment with an estimated worth of \$8,000 has been donated to Telstar Regional High School by the American Telephone and Telegraph Company. The equipment which includes an oscilloscope and a Leek Northrup galvanometer, had been used in the company's laboratories before being replaced by new equipment.

Also, still crated and waiting for the auditorium at the school to be completed is a life-size, working model of the original Telstar communications satellite. The communications firm sent it along for permanent display in the auditorium, together with equipment for proper mounting.

Tim Kersey, the physics teacher, who is custodian of the donated electronic gear says he will start using the equipment in the classroom in a couple of months, with the newly-formed science club already getting their electronic feet wet.

One of the goals said Mr. Kersey, is to allow science students to use kits which were sent along to build their own experimental devices.

Already put together by the instructor and students are complicated instruments for converting sunlight to sound and for speech synthesis.

That the students at the high school could use the highly sophisticated gear attests to advancements in high school science curriculums.

Not only must students learn the basics, they must now delve into advances in various fields. The galvanometer is an extremely sensitive electrical indicator. It can read an electric impulse down to 1/1000 of a volt. The oscilloscope, on the other

DEMOCRATS TO SELECT ACTING POSTMASTER FOR WEST BETHEL, DEC. 12

The Bethel Democratic Town Committee will meet at 7:30 p. m. on Thursday, Dec. 12, at the home of Michael O'Donnell, 61 Main Street, to select a person to serve as Acting Postmaster at West Bethel effective Jan. 1, 1969. All local Democrats are urged to attend. Town Committee members MUST attend.

Members of the Bethel Democratic Town Committee are: George and Bette Gilbert, Celia Gorman, Harold Rolfe, Roland Glines, Kay McMillin, Marguerite Kendall, Kenneth Ramage, Andrew Boyd, Rodney Howe, Syll LeClair, Pat Murphy, Bruce and Rebecca Bailey, Charles Chapin, Edward and Elizabeth Wheeler, Murray and Connie Thurston, Dale and Agnes Thurston, Wallace and Frances Saunders, Richard and Phyllis Blake, Michael and Susan O'Donnell.

Those who have indicated an interest in being named to the position are: Sara Head, Larry Smith, Cynthia Mason, Richard L. Farren, Mrs. Randall Gilbert, Mrs. Guy Morrill, Arthur Gilbert, and Jane Smith. If anyone else is interested in being considered for the position, they should make their interests known to Michael J. O'Donnell before Dec. 12.

To be eligible for the position one must be under seventy years of age and live in the West Bethel delivery area. Residents of West Bethel, as well as Gilead receive mail at the post office in West Bethel and some also have Rural Route Boxes from Bethel. The Post Office Department in Washington, D. C., has advised the Town Democratic Chairman that this is a unique set-up which exists in only ten areas in the country. The Department has declined to suggest guidelines by which the choice may be correctly made and has advised that once a choice is made they will conduct an investigation and then make a ruling as to the propriety of the choice. Because of the interest so far shown in the Acting Postmastership, and because of the unusual overlapping of postal service, the choice should be a difficult one.

Edward Wheeler arrived home on Tuesday from the Rumford Community Hospital.

The annual Rangeley District meeting of B. S. A. Pine Tree Council was held at Wilton Wednesday evening preceded by a supper. Those attending from Bethel were Mr. and Mrs. Randall Stevens and Mr. and Mrs. Carroll Valentine.

Among those home from college over the holiday week end were Jack McMillin from U. of Conn.; Jack Brooks, Middlebury College; George Nickerson, Paul Smith College; Bob Saunders, Rensselaer; Dick Paine and Tom Davis, Gorham State College.

George, son of Rev. and Mrs. G. T. Stebbins, was home from Houghton Academy, Houghton, N. Y., for Thanksgiving. Carol Beth, daughter of the Methodist minister, stayed in New York State at the home of her roommate for Thanksgiving. They will both make the 12-hour trip home for Christmas vacation.

"CONCERNED CITIZENS" PROTEST USE OF CERTAIN BOOKS AT TELSTAR R. H. S.

Charges that three books used in English classes at Telstar Regional High School are "filled with foul language, obscenity and indecent sexual acts" will lead to a review of the English Department curriculum.

The directors of S. A. D. 44 decided Monday evening to form a two member committee to work with the Telstar administration, at a Monday evening meeting at Bryant Pond.

The decision followed a hour and a half discussion of a petition presented by Rev. Linwood Hansen, pastor of the Bryant Pond Baptist Church. The petition was signed by 19 "concerned citizens."

The Rev. Mr. Hansen claimed the books were part of a "world wide plot by Satan to teach young people to laugh at God." Objected to specifically were "The Emperor of Ice Cream" by Brian Moore; "Demian" by Herman Hesse and "Flowers for Algernon" by David Keyes. The Bryant Pond minister stated that he understood there were others.

An English teacher, Thomas Marino, protested any moves toward censorship of teaching material. Mr. Marino said that if students are to be men and women who are flexible and open-minded they must be exposed to all types of literature. They should be taught what is, not what should be. After having seen "what is," they can decide "what should be," he continued. Mrs. Joan Wiese and William Cousins, both of Bethel, were named members of the committee to work with the school's administration in reviewing the English curriculum and its applicability to Telstar Regional High School.

GREENWOOD CITY

—Mrs. Collista Morgan, Corres.—

Today I walked with nature and although the waysides were white and the air tingling to the nose I spent many imaginary moments in places traveled so recently but under different settings.

There was a sparkling stream as it wound on through the quiet wood. I sat beneath the spreading branches of some old elm while the leaves drifted down around me.

I followed a trail down to the shore, stopping for a ride in Boat and felt the fresh air upon my face while the waves lapped on the shore.

This day I climbed again up yonder hills and walked among the trees now so barren with only the rustle of the oak leaves. The fragrance of the wilderness made it a pleasure. There were the autumn leaves so cheery 'neath the sky so blue. The plain-

tive sounds came from the mossy hill.

I heard again the sound of the wild geese and noticed the steady rhythm of their wings. Both night and day

He wings his way voicing his eerie cry" (William Morton)

But even things in imagination must end for as I turned the path the snow crunched under my feet. It was as if a curtain had been drawn and nature had retreated into stillness.

I brushed the snow from my overshoes and took them off. Entering the kitchen I left behind the frozen now-covered body of water. This great diamond looking up to the sun from its frozen fringes of birches and firs so familiar. My diamond possessed by right of appreciation, unvalued, and lovely, even in its winter garb.

Fred Curtis and son, Carl, were at their camp in Bingham this week returning for a family ga-

thering and dinner on Sunday.

Mr. and Mrs. Clyde Morgan were dinner guests, Thursday, at Mr. and Mrs. Leonas Holt's.

Miss Ann Holt was at home over the holiday.

Mr. and Mrs. Robert Holt were guests of his parents over the week end.

Mr. and Mrs. Albert Curtis have a son, born, Nov. 27.

This week your writer received some lovely tulip bulbs from a friend in the South. They arrived in a snow storm and with earlier storms I wondered how I'd plant them. But where there is a will there is a way. I shoveled off the snow early Friday morning and found my garden unfrozen so I planted them. My friend doesn't know Maine, I'm sure, and those cars going by Friday morning with the people gazing in surprise at gardening—in the snow! I smiled to myself, wondering what they wondered and if they were wondering...

we care

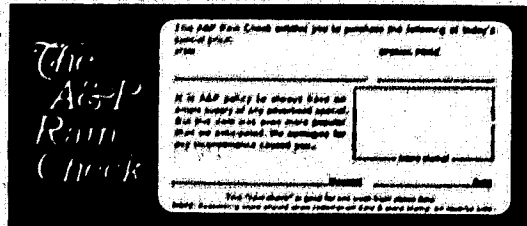

we never "run out" on a sale!

We never advertise a special sale item unless we have an ample supply. Once in a great while, the special is more popular than we imagined. So occasionally, we do run out of the item.

But we never "run out" on a sale.

If the item is sold out, just ask the manager for a "RAIN CHECK".

An A&P Rain Check is a certificate that entitles you to buy the item at the same special price the following week.

We think that's the fair thing to do. We think that shows "WE CARE"

Not every store can care that much. A&P can... and does. Shouldn't A&P be your store?
